

# V. S. M. COLLEGE (A):: RAMACHANDRAPURAM

## PROGRAMME SPECIFIC OUTCOMES

### **M.Sc. PHYSICS**

- PSO1:** Students will learn and realize the concepts of core areas of Physics particularly in Quantum Mechanics, Classical Mechanics, Nuclear Physics and Solid State Physics etc.
- PSO2:** Students are able to describe the methodology of Science and relationship between observation and theory.
- PSO3:** Students will develop the proficiency in the acquisition of data using a variety of Laboratory Instruments with appropriate analysis for proper interpretation of such data.
