The need of the hour is to move towards a more holistic approach that integrates providing of skills and specialized training with the values necessary to make a student into a better human being and a useful member of society. Thus the role of Universities and colleges in the 21st Century extends far beyond traditional knowledge creation and dissemination to encompass new expectations for innovations that will have broader social and economic benefits. - *That the formula for CGPA conversion into marks should be fixed as CGPA X 10 as recommended by UGC.*

27.3 Computation of SGPA and CGPA:

Grade Point Average (SGPA) and Cumulative Grade Point Average (CGPA):

- i. The SGPA is the ratio of sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the number of credits of all the courses undergone by a student,

$$\text{i.e. SGPA (Si)} = \frac{\sum(C_i \times G_i)}{\sum C_i}$$

where C_i is the number of credits of the i th course and G_i is the grade point scored by the student in the i th course.

- ii. The CGPA is also calculated in the same manner taking into account all the courses undergone by a student over all the semesters of a programme,

$$\text{i.e. CGPA} = \frac{\sum(C_i \times S_i)}{\sum C_i}$$

where S_i is the SGPA of the i th semester and C_i is the total number of credits in that semester.

- iii. The SGPA and CGPA shall be rounded off to 2 decimal points and reported in the transcripts.

28. Ranking and Awards of Scholarship/Prizes/Medals:

- a) Scholarship shall be awarded on the basis of semester performance (SGPA of the semester) and in case of equality of this SGPA, marks in theory papers shall be considered for award of scholarship.
- b) Gold Medal/Overall Rank shall be awarded on the basis of CGPA (Cumulative Grade Point Average), those candidates who appear and pass examination in all the papers of the four/six semesters at first emergence are eligible. In case of equality of this CGPA, the SGPA of last semester and then preceding semesters shall be considered.
- c) Only those candidates who appear and pass examination in all the papers of the four semesters at first emergence are eligible to be placed in the first class with distinction.
- However, no candidate who has not passed all the papers relating to any semester at the first appearance are not eligible for any medals, or prizes by the college and to receive certificates of rank, obtained by them in the examination.
