REPORT OF TRAINING HELD AT VSM DEGREE COLLEGE, RAMACHANDRAPURAM

Trainer's Feedback:

The training program for VSM Degree College, Ramachandrapuram was held from 13th September 2018 to 17th September 2018. Most of the students expressed their interest in the training by attending without being absent. Many topics like I am unique, team work, interview skills, Money Management, Group Discussion were discussed.

The students learnt their positive qualities during the I am unique session which they were able to express in the interview. Most of the girls were quite good in saving money but they said that this training helped them get a clear picture of saving in a better way. In the session team work they worked well as a team. They also were of the opinion that they were glad that they got to know many other students from the college.

They improved their communication in the extempore session. The students came on stage to speak on the given topic and some of them said that this was the first time that they were on stage. Even though they were supposed to give seminars in the regular class they have always skipped them. But these extempore made them come up on stage.

They were eager to participate in the Group Discussion which helped them to understand their areas of improvement. In the second round they made sure that they improved to their level best.
