- The campus is eco-conscious and it is a no plastic zone where we avoid plastic bags, plastic cups.
- The campus is made a free smoking zone. NSS units of the college have taken up frequent clean and green programmes throughout the academic year
- Solar street lights were installed.
- Today we are facing lack of water problems in all over world. Hence the institution arranged some pits to preserve rain water.

Criterion – VII

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

- Institute has introduced ICT aids in education. The Institute has fully equipped ICT classroom with Computer & LCD Projector which has proved as a great help in teaching learning process. All students were benefitted with this facility. It has influenced teaching learning process in very positive manner.
- Mentoring system: It has helped in establishing good teacher- student relation. Teachers as Mentors have helped failure students in clearing supplementary examinations. As the mentoring mechanism percolates in the culture of the college it is believed that it will be fruitful in lowering down the absenteeism and failures as well as it will surely cater to students day to day problems.
- A Certificate was introduced in the department of Sanskrit i.e. **Sarala** with the collaboration of Samskruta Bharathi, Varanasi
- Value Based Courses
- Community Service by NSS and NCC Students
- Short duration programmes on Soft Skills.
- Automation of Library

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

- The place of action was decided at the beginning of the year in the IQAC meeting. The Lecturers are informed to write annual academic plan, teaching dairy, teaching notes and instructed to maintain other teaching activity records and these were verified and attested by the Principal.

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

1. Student Counselling.
2. Blood Donation Camp- "Donate Blood Save Life."

***Provide the details in annexure (annexure need to be numbered as i, ii,iii): Refer Annexure - III**

7.4 Contribution to environmental awareness / protection

- The NSS Units create awareness of environmental hazards and keep the environment clean, green and pollution free in the campus.
- The NSS volunteers regularly lead campaigns to prevent use of polythene bags and polythene products in the Society and college campus.
- The college observes 'World Environment Day' by organizing plantation programmes and talk on 'the importance of preserving an eco-friendly atmosphere'.
- Cleaning the campus i.e., Swatch Bharath is also organised by NSS Units.
- Solar street lights.
- Green campus.
- Student projects were conducted on "medicinal values in medicinal plants" to create awareness

7.5 Whether environmental audit was conducted? Yes

No

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

STRENGTHS

- The college is located one kilometer away from the heart of the town in a sprawling campus of 14 acres in an eco-friendly oasis of trees and plants and free from pollution. The college was awarded College with Potential for Excellence status by the UGC. One of the greatest strengths is transparency in all phases of participatory administration. The institution offers wide range of courses in regular, self-financing and enrichment programmes, some in the emerging areas having employment potential.
- The Institution has well equipped ICT classrooms for usage of modern teaching methods and also getting access to live lectures of the eminent professors.
- Our college libraries are enriched with 62245 books i.e. Magazines, Encyclopedias, Reference Books, Journals, Back Volumes and Dissertations including e-books and

WEAKNESSES

- In the higher education scenario of Andhra Pradesh, students in Arts and Science streams are declining as there is mushrooming of Engineering Colleges. It has to be underscored that the student strength in this college is slightly decreasing.
- Being an affiliated college there is limited freedom to vertical and horizontal academic empowerment. The state government policy hampers in the recruitment of permanent staff. This jeopardizes the beginning of innovative courses in both UG and PG. Though at present the management has made ad-hoc appointments, it is making all efforts to look into this aspect.
- The research work carried out by the faculty is appreciative despite of heavy academic and administrative work load, however lacks its application to the society.
- Collaboration with the industries can further be improved to enhance the teaching learning standards of the institution.
- Lack of communication skills and confidence among the rural students is a major drawback for campus recruitments. It needs to be improved through the organization of personality development and skill enrichment programmes.
- Majority of the students are from rural back ground and underprivileged. Hence they are reluctant to join in English medium courses. Some programs need revision to keep up with changes in the field and improve course sequencing to help student progression.

OPPORTUNITIES

- Strengthening of alumni network and linkages with industries will create more possibilities for increasing the percentage of campus placement.
- The college under CPE status has got more funds which helps for augmentation of laboratories, research facilities and student development.

- The college has good scope for consultancy services due to its modern laboratories and allied infrastructure.
- The institution has good potentialities to make industrial collaboration in teaching and training of students in Science, Commerce and Business Management streams.
- The institution has ample scope to recognize it as the centre of research.

CHALLENGES (THREATS)

- Unfavourable supply- demand situation of qualified and quality faculty leading to unhealthy condition among colleges for the limited number of available faculty.
- Un-healthy competition from the private colleges around in UG level admissions.
- Providing better facilities and quality staff with existing low fee structure is a big challenge to the management. Integrating teaching with research at undergraduate level is another challenge.
- Recruitment of teaching and non-teaching staff in the place of retired staff.
- Commercialization of education challenges the service motto of the institution.
- Imparting training in communication and computer skills is inevitable as most of the students are from rural and backward area.

8. Plans of institution for next year

- Minor and Major Research Projects proposals will be submitted to the UGC for financial support.
- Proposals will be submitted to the UGC for financial assistance to organise seminars and workshops.
- Proposals will be submitted to the UGC to start Career Oriented Programme.
- More extension programmes will be undertaken.
- More number of faculty will participate and present papers in seminars.
- Faculty will be motivated to publish more articles in Journals.
- Proposals will be submitted to the Adikavi Nannaya University for Research Centre

Annexure-III

Best practice -I

Title of the practices: Student counselling

Objective of the practice:

- To give high quality individual and group counselling to students who may be experiencing psychological or behavioural difficulties.
- To help the students better understand one's interests, abilities, aptitude and opportunities.
- To promote proper self awareness and understanding.
- To establish a feeling of mutual understanding between students and teachers.

- To focus on the developmental needs of the students, to maximize their potential to benefit from the academic environment and experience.
- To provide preventive intervention service by anticipating negative environment influence to promote personal adjustment and growth.

The context

- The education is not mere accumulation of facts and figures, but its function is to build an integrated personality. There should be a simultaneous growth of the body, mind and spirit. Good mental health is very important for students' success in education and life. In order to emphasize the importance of mental health among the students the college felt need to start counselling since the inception of the college.
- Academically the students cannot succeed effectively if they are struggling with psychological problems. Failure to identify and resolve these problems may result in increased risk of academic failure, social isolation, sexual perversion, drug and alcohol abuse, suicidal tendencies, unemployment, and physical ill health. Releasing the importance of mental health and its direct effect on the performance of the students, the college provides counselling system.

The practice

- At the beginning of the academic year the principal appoints a lecturer as counsellor for each class. Generally the group of students number is limited to 30. In the first meeting the lecturer collects the students personal data(Address and Phone numbers) and the students are asked to approach him for their academic or personal problems. Generally, the lecturer solves the academic problems. If these are beyond his limitations, the problem is reported to the Principal and discipline committee tries to solve. In case of the student personal problems like mental behaviour, other social injustices, the lecturer tries to explain the issue in terms of social behaviour and tries to console him. This leaves an effect on the students mental thinking so that student realizes the existing status of the problem. The counselling takes place monthly once or whenever the student approaches the lecturer.

Result of the practice

- Students expressed satisfaction over such counselling sessions. Generally the first degree students' counselling number is more compared to second year students. This is due to new academic exposure. The newness gradually decreases. Repetition of the some topics by the concerned lecturer has been arranged for slow learners. In case of the irregular student, very rarely, counselling has been conducted for their parents by the lecturer

Best Practice-II

Title of the Practice: Blood Donation Camp- "Donate Blood Save Life"

Goal

- The Institution is committed to render yeomen service to the immediate society. It is done through organizing blood donation camps. It has been the usual practice to conduct the above said camp in association with outside agencies which have a sense of social responsibility since 2009. Social concepts have been integrated into the curriculum. The aim of the practice is to save the lives of people by donating blood. Life of human being is the best one and more precious than any living creatures. Institution believes in the ideology that there is no service greater than saving the life of a human being. The students of the college are at the age of adolescence, more powerful and enthusiastic youths. It is to create social awareness among rural youths and to send a strong message that this institution is in existence for promoting the welfare of society by resolving its problems.

The context

- The practice relates to social issue with kindness and humane features. It is being adopted as a relevant concept in the context of present society and guided by the vision and mission of institution. The task to be performed voluntarily with a sense of Institutional Social Responsibility appears to be challenging in nature as it pertains to resolving of day to-day problem faced by people who are socially and economically weaker. Donating blood to needy people is a good idea. But various issues need to be addressed while designing and implementing a best practice. The consent of leadership and his advise must be taken. Suggestions and co-operation from teachers, administrative staff are solicited. Opinions of students who act as donors should be considered. Afterwards a negotiation with specialized agency shall be made whose services are absolutely necessary in its implementation. In order to put an idea into a best practice it needs the co-operation of all stakeholders. Confirming this a plan of action is to be drawn up, designed and implemented to achieve a desired goal.

The Practice

- The best practice has been adopted every year since 2009 and continues to be followed in future also. NSS Units of the college in association with Indian Red Cross Society, Kakinada are organising the Blood Donation Camp on the college campus since 2009.
- An Orientation Programme was held under the guidance of the Principal to enlighten the students about the necessity of donating blood and its advantages. Many misconceptions about donating blood were dispelled by the camp coordinators. Students participated enthusiastically in the blood donation camp. Totally 120 units of blood were collected.

Evidence of Success

- The practice has been implemented successfully from the day it was started till today. A target was fixed every time before the practice was to be implemented. There was overwhelming response from internal stakeholders in each camp. On seeing grand

success of the practice even external stakeholders have come forward enthusiastically in donating blood. The performance of practice exceeded the target and benchmark.

- The target was to collect 100 units of blood from each camp but the results were excellent. The results indicate that there are always people who support and extend full cooperation to the best practice if it provides benefits to all people without discrimination. Moreover, it also indicates that the honest efforts put in by teachers in organizing event will definitely bear fruits.

Problems encountered and Resources Required

- Problems always crop up while adopting best practice. The organizers encountered many problems while designing and implementing this practice. A best practice cannot be adopted abruptly. It requires a lot of preparations. Teachers are always under pressure of work as their workload is somewhat heavy. There is always constraint of time which is the limiting factor. The problem of financial resources did not arise at all as the best practice was sponsored by the College Management.
